the person chargeable shall be treated as if he or she had not been entitled to the said amount.¹⁷³

- (3) If, in respect of a lease granted for a period which does not exceed 50 years, a premium is paid on the assignment of the lease or as consideration for the grant of a sub-lease, the person entitled to the premium shall be treated for the purposes of this Law as becoming entitled when the premium is payable to an amount by way of rent equal to the amount of the premium reduced by the appropriate fraction of any amount of premium chargeable as rent on the person by whom the lease was granted:

Provided that no reduction as aforesaid shall be made in respect of any premium which has been allowed as a deduction in computing the income of any person for income tax purposes.

81T Initial calculation of individual's allocated share of specified profits²⁹¹

- (1) This Article applies for the purpose of calculating an individual's allocated share of specified profits in a relevant company at a relevant time in a year of assessment ("current year of assessment") where –
 - (a) the distribution is made to the individual in or after year of assessment 2013 following a relevant financial period of the company;
 - (b) the whole or part of that relevant financial period fell within the individual's current period of share ownership; and
 - (c) the distribution is the first distribution made to the individual in the circumstances described in sub-paragraphs (a) and (b).
- (2) The individual's allocated share of specified profits for the purposes of paragraph (1) shall be calculated as follows –
 - (a) Step 1
calculate the amount as follows –

$$SP \times (A/B)$$

Where –

SP is the aggregate of the company's specified profits for each financial period of the company the whole or part of

which falls within the individual's current period of share ownership, up to and including the relevant financial period, but excluding any profits for a financial period ending on or before 31st December 2011;

A is the number of shares comprised in the ordinary share capital of the company which are owned by the individual at the relevant time;

B is the number of shares comprised in the ordinary share capital of the company at the relevant time;

(b) Step 2

calculate the amount as follows –

$$P - Q$$

Where –

P is the amount calculated under Step 1;

Q is the amount of any distribution chargeable to tax under Case III(f) of Schedule D (or, if more than one, the aggregate value of the distributions) made by the company to the individual prior to the relevant time during the individual's current period of share ownership (disregarding so much of any distribution made out of the profits of a financial period ending on or before 31st December 2011), less the amount of so much of the distribution, if any, that is exempt from tax under Article 78;

(c) Step 3

determine the amount in accordance with paragraph (3) or (4), as the case may be.²⁹²

- (3) If the amount calculated under Step 2 is greater than, or equal to, the amount of the distribution (or aggregate value of distributions if more than one) made to the individual at the relevant time, the individual's allocated share of specified profits is the amount calculated under Step 1.
- (4) If the amount calculated under Step 2 is less than the amount of the distribution (or aggregate value of distributions if more than one) made to the individual at the relevant time, the individual's allocated share of specified profits is whichever is the higher amount of the following –
 - (a) the amount calculated under Step 2; or
 - (b) £0.
- (5) Where the individual is an individual to whom paragraph 11 or 12 of Schedule 5 applies, for the purposes of the calculation under Step 1 there shall be added to the amount that is SP the amount that is calculated in accordance with paragraph 11 or 12 of that Schedule, as the case may be.

81U Calculation of individual's allocated share of specified profits following the initial calculation under Article 81T in the same year of assessment²⁹³

- (1) This Article applies for the purpose of calculating an individual's allocated share of specified profits in a relevant company at a relevant time ("current relevant time"), such current relevant time occurring in the

same year of assessment as a previous relevant time for which a calculation has been made under Article 81T.

- (2) The amount to be calculated is determined by applying the following steps –

(a) Step 1

Calculate the amount under clause (i) or (ii) as follows –

- (i) where the proportion of shares owned by the individual in the company remained constant since the immediately previous relevant time –

$$X - Y$$

Where –

X is the individual's allocated share of specified profits at the immediately previous relevant time;

Y is the amount of the relevant distribution (or aggregate value of relevant distributions if more than one) made to the individual at the immediately previous relevant time,

- (ii) where the proportion of shares owned by the individual in the company has not remained constant since the immediately previous relevant time –

Calculate the amount as follows –

$$(X - Y) \times ((E/F)/(A/B))$$

Where –

X is the individual's allocated share of specified profits at the immediately previous relevant time;

Y is the amount of the relevant distribution (or aggregate value of relevant distributions if more than one) made to the individual at the immediately previous relevant time;

A is the number of shares comprised in the ordinary share capital of the company which were owned by the individual at the immediately previous relevant time;

B is the number of shares comprised in the ordinary share capital of the company at the immediately previous relevant time;

E is the number of shares comprised in the ordinary share capital of the company which are owned by the individual at the current relevant time;

$$P - Q$$

Where –

P is the amount calculated under Step 1;

Q is the amount determined in accordance with paragraph (3);

(c) Step 3

Determine the amount in accordance with paragraph (4) or (5), as the case may be.

(3) If, at the immediately previous relevant time –

(b) Article 81T(4) or paragraph (5) below applied, Q is calculated as follows –

$$G + H$$

Where –

G is the amount of the distribution (or, if more than one, the aggregate value of the distributions) made to the individual at the immediately previous relevant time chargeable to tax under Case III(f) of Schedule D (disregarding so much of the distribution, if any, made out of the profits of a financial period of the company, such financial period ending on or before 31st December 2011), less the value of so much of the amount of the distribution, if any, that is exempt from tax under Article 78;

H is the amount (if any) by which the value of Q exceeded the value of P for the purposes of Article 81T(2)(b) or Step 2 above at the immediately previous relevant time, as the case may be.

(4) If the amount calculated under Step 2 is greater than, or equal to, the amount of the distribution (or aggregate value of distributions if more than one) made to the individual at the current relevant time, the individual's allocated share of specified profits is the amount calculated under Step 1.

A is the number of shares comprised in the ordinary share capital of the company which are owned by the individual at the current relevant time;

B is the number of shares comprised in the ordinary share capital of the company at the current relevant time;

$$X - Y$$

Where –

X is the individual's allocated share of specified profits at the immediately previous relevant time;

Y is the amount of the relevant distribution (or aggregate value of relevant distributions if more than one) made to the individual at the immediately previous relevant time,

- (ii) where the proportion of shares owned by the individual in the company has not remained constant since the immediately previous relevant time –

$$(X - Y) \times ((E/F)/(A/B))$$

Where –

X is the individual's allocated share of specified profits at the immediately previous relevant time;

Y is the amount of the relevant distribution (or aggregate value of relevant distributions if more than one) made to the individual at the immediately previous relevant time;

(c) Step 3

add together the amounts obtained after applying Step 1 and Step 2;

(d) Step 4

calculate the amount as follows –

$$P - Q$$

Where –

P is the amount calculated under Step 3;

Q is the amount determined in accordance with paragraph (3);

(e) Step 5

Determine the amount in accordance with paragraph (4) or (5), as the case may be.²⁹⁵

H is the amount (if any) by which the value of Q exceeded the value of P for the purposes of Article 81T(2)(b),

81U(2)(b), 81W(2)(b) or under Step 4 above, at the immediately previous relevant time, as the case may be.

- (4) If the amount calculated under Step 4 is greater than, or equal to, the amount of the distribution (or aggregate value of distributions if more than one) made to the individual at the current relevant time, the individual's allocated share of specified profits is the amount calculated under Step 3.

 - (a) the amount calculated under Step 4; or
 - (b) £0.
- (6) For the purposes of calculating the amount of SP in Step 1, if there is more than one financial period ending in the year of assessment in which a distribution was last made to the individual, the company shall calculate the specified profits of the company starting with the first financial period ending in that year of assessment.

81W Calculation of individual's allocated share of specified profits following the initial calculation under Article 81V in the same year of assessment²⁹⁶

- (1) This Article applies for the purposes of calculating an individual's allocated share of specified profits at a relevant time ("current relevant time") in a year of assessment ("current year of assessment"), such current relevant time occurring at any time in a year of assessment following an initial calculation under Article 81V for that year of assessment during an individual's current period of share ownership.

E is the number of shares comprised in the ordinary share capital of the company which are owned by the individual at the current relevant time;

F is the number of shares comprised in the ordinary share capital of the company at the current relevant time;

(b) Step 2

$$P - Q$$

Where –

P is the amount calculated under Step 1;

Q is the amount determined in accordance with paragraph (3);

(c) Step 3

Determine the amount in accordance with paragraph (4) or (5), as the case may be.

$$G + H$$

Where –

G is the amount of the distribution (or, if more than one, the aggregate value of the distributions) made to the individual at the immediately previous relevant time chargeable to tax under Case III(f) of Schedule D (disregarding so much of the distribution, if any, made out of the profits of a financial period of the company,

such financial period ending on or before 31st December 2011), less the amount of so much of the distribution, if any, that is exempt from tax under Article 78;

H is the amount (if any) by which the value of Q exceeded the value of P for the purposes of Article 81V(2)(d) or under Step 2 above at the immediately previous relevant time, as the case may be.

 - (b) at the time of the company distribution, an individual owns more than 2% of the ordinary share capital of the distributing company; and
 - (c) the individual owns at least one share of the ordinary share capital in the distributing company by virtue of Article 82A through his or her ownership of shares in the receiving company.²⁹⁸
- (2) When the distributing company makes a company distribution, the distributing company shall –
 - (a) calculate the individual's deemed proportion of the company distribution as follows –

$$D \times (A/B)$$

Where –

D is the amount of the company distribution (or aggregate value of distributions if more than one);

A is the number of shares comprised in the ordinary share capital of the distributing company which are deemed to be owned by the individual by virtue of Article 82A through his or her ownership of shares in the receiving company at the time the company distribution is made;

B is the number of shares comprised in the ordinary share capital of the distributing company which are owned by the receiving company at the time the company distribution is made;

- (b) calculate the individual's allocated share of specified profits in the distributing company as follows –

(i) Step 1

calculate the individual's allocated share of specified profits in the distributing company in accordance with the relevant provisions in Article 81T, 81U, 81V or 81W, as if –

- (A) the time a company distribution is made were a relevant time,
- (B) at the time of the company distribution, the distribution were made to the individual,
- (C) the value of Q in any provision requiring the deduction of Q were deemed to be nil,
- (D) provisions requiring the deduction of Y were to require, instead, the deduction of the amount calculated in accordance with paragraph (3) or (4) at the immediately previous relevant time where, both at the immediately previous relevant time and the current relevant time, the ownership of all the shares by the individual in the distributing company were by virtue of the individual's ownership of shares in the receiving company,

(ii) Step 2

If, in respect of a previous distribution to the distributing company ("company A") from another company, an amount has been attributed to the individual's allocation of specified profits in company A under paragraph (3) or (4) ("previous attribution") –

- (A) if no distribution has been made directly to the individual from company A since the previous distribution, add the amount of the previous attribution to the amount calculated under Step 1 (unless this amount has been previously been added to an amount calculated under Step 1), or
- (B) if there has been such a distribution ("direct distribution") and the amount of the direct distribution is less than the amount of the previous attribution, add the amount of the previous attribution less the amount of the direct distribution to the amount calculated under Step 1 (unless this amount has been previously been added to an amount calculated under Step 1).²⁹⁹

- (3) If the amount of the individual's deemed proportion of the company distribution calculated under paragraph (2)(a) ("first amount") is equal to or less than the amount of the individual's allocation of specified profits in the distributing company calculated under paragraph (2)(b), the first

amount is attributed to the individual's allocation of specified profits in the receiving company for the purposes of paragraph (5), (6), (6A) or (6B), as the case may be.³⁰⁰

- (4) If the amount of the individual's deemed proportion of the company distribution calculated under paragraph (2)(a) is more than the amount of the individual's allocation of specified profits in the distributing company calculated under paragraph (2)(b), the amount of that individual's allocated share of specified profits in the distributing company is attributed to the individual's allocation of specified profits in the receiving company for the purposes of paragraph (5), (6), (6A) or (6B), as the case may be.³⁰¹
- (5) When the receiving company makes a distribution to the individual at a relevant time and the proportion of shares owned by the individual in the receiving company has remained constant since the company distribution, the receiving company shall, at that relevant time, add the amount calculated under paragraph (3) or (4), as the case may be, to the amount calculated under whichever of the following provisions is applicable –
 - (a) Article 81T(2)(a);
 - (b) Article 81U(2)(a);
 - (c) Article 81V(2)(a);
 - (d) Article 81W(2)(a).
- (6) When the receiving company makes a distribution to the individual at a relevant time and the proportion of shares owned by the individual in the receiving company has not remained constant since the company distribution, the receiving company shall, at that relevant time –
 - (a) calculate an amount as follows –

$$X \times ((E/F) / (A/B))$$

Where –

X is the amount calculated under paragraph (3) or (4), as the case may be;

Where –

A = the income tax payable after the application of paragraphs (1) and (2)

B = the person’s total income

C = the income liable to foreign tax,

or

 - (b) the amount of foreign tax paid.⁴¹⁷
- (5) In calculating the amount of credit under paragraph (4) Article 112 has effect subject to the following modifications –
 - (a) as if the reference to credit were a reference to the credit calculated under paragraph (4) of this Article;
 - (b) as if the reference in paragraph (2) to income tax chargeable were a reference to income tax payable;
 - (c) as if paragraph (3) were omitted;
 - (d) as if the reference in paragraph (5) to paragraph (3) were a reference to paragraph (4) of this Article; and

- (e) as if for the words “the rate mentioned in paragraph (3) of this Article” in paragraph (7) there were substituted the words “the amount of credit calculated under Article 92C(4).”⁴¹⁸

 - (a) that the individual has living at any time within the year of assessment any child who is either under the age of 16 years or who, if over the age of 16 years at the commencement of that year was receiving full-time instruction at any school, the individual shall, subject to the provisions of this Article, be entitled in respect of each child to a deduction of £3,000; or

- (5) An apportionment may be made under paragraph (4) notwithstanding that a deduction in respect of the child in question has already been allowed to any individual, and, if it appears as a result of the apportionment that the individual has been allowed too great a deduction, the amount of the excess may, if not otherwise made good, be assessed under Case VI of Schedule D and the tax thereon recovered from the individual accordingly.
- (6) In this Article "higher education" has the same meaning as in the Education (Jersey) Law 1999^{425, 426}

(3A) Where –

(4) Where more than one individual is entitled to relief under this Article in respect of the same child, the deduction under paragraph (1) shall be apportioned between them in such proportions as they may agree or, in default of such agreement, in proportion to the length of the periods for which the child was resident with them respectively in the year of assessment.

104 No relief in respect of charges on income

An individual shall not be entitled to any allowance or relief under the preceding provisions of this Part in respect of any income, the tax on which the individual is entitled to charge against any other person or to deduct, retain or satisfy out of any payment which the individual is liable to make to any other person.

105 Partners

- (1) Partners carrying on a trade, profession or vocation together, who are entitled to the profits thereof in shares, and others holding joint interest in property, may claim allowance or relief under the provisions of this Part according to their respective shares and interests, in the same manner as in the case of several interests.
- (2) For the purposes of this Article, the income of a partner from a partnership carrying on any trade, profession or vocation, shall be deemed to be the share to which he or she is entitled during the year to which the claim relates in the partnership profits, such profits being calculated according to the provisions of this Law.⁴³⁵

106 Non-Residents

- (2) No allowance or relief under the preceding provisions of this Part shall be given in the case of an individual not resident in Jersey so as to reduce the amount of the income tax payable by that individual below an amount which bears the same proportion to the amount which would be payable by the individual by way of tax if the tax were chargeable on the individual's total income from all sources, including income which is not subject to income tax charged in Jersey, as the amount of income subject to income tax so charged bears to the amount of the individual's total income from all sources.⁴³⁶

PART 12A**CAPITAL ALLOWANCES⁴³⁸****106A Allowances and balancing adjustments⁴³⁹**

- (1) Subject to the provisions of this Part, where a person carrying on a trade has incurred capital expenditure on the provision of machinery or plant wholly and exclusively for the purposes of the trade and, in consequence of his or her incurring the expenditure, the machinery or plant belongs, or has belonged, to the person, allowances and charges shall be made to and on the person in accordance with the following provisions of this Article.
- (2) For any year of assessment for the basis period of which a person within paragraph (1) has qualifying expenditure as defined in paragraph (4),

which exceeds any disposal value to be brought into account by the person in accordance with paragraph (5), there shall be made to the person an allowance of an amount equal to 25% of the excess, or a proportionately reduced percentage of the excess if the trade has been carried on for part only of the year of assessment:

Provided that if the year of assessment is the year of assessment in which occurs the permanent discontinuance of the trade, an allowance (in this Part referred to as a “balancing allowance”) shall be made to that person equal to the whole of the excess.

- (3) For any year of assessment for the basis period of which a person’s qualifying expenditure is less than the disposal value which the person is to bring into account, there shall be made on the person a charge (in this Part referred to as a “balancing charge”), and the amount on which the charge is made shall be an amount equal to the difference.
- (4) For the purposes of this Article, a person’s qualifying expenditure is the aggregate of –
 - (a) the amount of capital expenditure incurred by the person on the provision for the purposes of the trade of machinery or plant, being expenditure incurred in the basis period or at any previous time, and not being expenditure which, or any part of which, has formed part of the person’s qualifying expenditure for any previous basis period; and
 - (b) if for the year of assessment immediately preceding the year of assessment in question there was an excess of qualifying expenditure over disposal value, the balance of that excess after deducting any allowances made by reference thereto.
- (5) For the purposes of this Article, the disposal value to be brought into account by a person is the disposal value (calculated in accordance with paragraph (6)) of all machinery or plant on the provision of which for the purposes of the trade the person has incurred capital expenditure and in respect of which one of the following events occurs, namely –
 - (a) the machinery or plant ceases to belong to the person;
 - (b) the person loses possession of the machinery or plant in circumstances where it is reasonable to assume the loss is permanent;
 - (c) the machinery or plant ceases to exist as such (as a result of destruction, dismantling or otherwise);
 - (d) the machinery or plant begins to be used wholly or partly for purposes which are other than those of the trade; or
 - (e) the trade is permanently discontinued, or is treated by virtue of any provision of this Law as permanently discontinued,and that is the first such event to occur.
- (6) The disposal value of any machinery or plant depends on the event by reason of which it falls to be taken into account and –
 - (a) unless sub-paragraph (b) applies, if that event is the sale of the machinery or plant, equals the net proceeds to the person in question of the sale, together with any insurance moneys received

by the person in respect of the machinery or plant by reason of any event affecting the price obtainable on the sale and, so far as it consists of capital sums, any other compensation of any description so received;

- (b) if that event is the sale of the machinery or plant at a price lower than that which it would have fetched if sold in the open market, equals the price which the machinery or plant would have fetched if sold in the open market;
- (c) if that event is the demolition or destruction of the machinery or plant, equals the net amount received by the person in question for the remains of the machinery or plant, together with any insurance moneys received by the person in respect of the demolition or destruction and, so far as it consists of capital sums, any other compensation of any description so received;
- (d) if that event is the permanent loss of the machinery or plant otherwise than in consequence of its demolition or destruction, equals any insurance moneys received by the person in respect of the loss and, so far as it consists of capital sums, any other compensations of any description so received;
- (e) in the case of any other event, equals the price which the machinery or plant would have fetched if sold in the open market at the time of the event:

Provided that the disposal value of any machinery or plant shall in no case exceed the capital expenditure incurred by the person in question on the provision of the machinery or plant for the purposes of the trade.

- (7) An allowance may be made to a person in respect of any machinery or plant notwithstanding that it appears that the provision of the machinery or plant was partly for purposes other than those of the trade carried on by the person, but the allowance to be made in respect thereof shall be so much only of the allowance that would fall to be made if the provision of the machinery or plant were wholly or exclusively for the purposes of the trade as may be just and reasonable having regard to all the relevant circumstances of the case and, in particular, to the extent to which the machinery or plant is to be used for the said other purposes.
- (8) For the purposes of paragraph (7), the allowance shall be computed as if each item of machinery or plant was provided for the purposes of some other trade separate from the trade actually carried on, and the discontinuance of that separate trade shall be deemed to have occurred on the date on which the machinery or plant in question ceases to be used for any purposes of the trade actually carried on.

106B Special provisions as to glasshouses⁴⁴⁰

- (1) Subject to the provisions of this Part, where a person carrying on a trade has incurred capital expenditure on the provision of a glasshouse used for the purposes of the person's trade and, in consequence of the person's incurring the expenditure, the glasshouse belongs, or has belonged, to the person, he or she shall be deemed to have incurred expenditure of that

amount on the provision of machinery or plant and the provisions of Article 106A shall apply to the person accordingly, except that for the words “25%” in paragraph (2) of that Article there shall be substituted the words “10%”.

- (2) Notwithstanding any other provision of this Part, where any glasshouse which is used by the person to whom it belongs for the purposes of his or her trade ceases, for any reason whatsoever, to belong to that person and commences to belong to some other person, the glasshouse shall be deemed to have been sold by the first mentioned person to the second mentioned person for a sum equal to the amount of capital expenditure on the provision of the glasshouse still unallowed immediately before the glasshouse ceased to belong to the first mentioned person.
- (3) For the purposes of paragraph (2), the amount of capital expenditure still unallowed means, in respect of the provision of a glasshouse for the purposes of the trade, the capital expenditure incurred thereon, as reduced by any allowances for capital expenditure and deductions on account of wear and tear made by reference thereto.

106C Miscellaneous and general⁴⁴¹

- (1) References in this Part to capital expenditure incurred by a person do not include any expenditure in respect of which a deduction has been or will be made under Part 10.
- (2) References in this Part to a trade shall be deemed to include references to a profession, vocation, employment or office.
- (3) In considering the allowance or charge which shall be made to or on a person for a year of assessment under this Part, there shall be left out of account the proportion of the expenditure on the provision of the machinery or plant met out of a grant paid or to be paid out of the revenues of the States.⁴⁴²
- (4) Where a person brings into use for the purposes of a trade carried on by the person machinery or plant which –
 - (a) belongs to the person in consequence of his or her having incurred capital expenditure on its provision for purposes which were such that the expenditure has not been taken into account in computing any allowance or deduction to be made to the person under this Law; or
 - (b) belongs to the person in consequence of a disposition by way of gift by reason of which the donor was required by virtue of Article 106A(5) to bring into account a disposal value equal to the price which the machinery or plant would have fetched if sold in the open market at the time of the gift,

the said Article 106A shall have effect as if that person had incurred capital expenditure on the provision of the machinery or plant for the purposes of the trade in the basis period related to its bringing into use for those purposes, the amount of that expenditure being taken as the price which the machinery or plant would have fetched if sold in the open market on the date when it was so brought into use.

- (5) In this Part “basis period” means, in the case of a person to or on whom an allowance or charge falls to be made in charging the profits of the person’s trade, the period on the profits of which tax for the year of assessment falls to be finally computed in respect of that trade:

Provided that, in the case of any trade –

- (a) where 2 basis periods overlap, the period common to both shall be deemed for the purposes of this paragraph to fall in the first basis period only;
 - (b) where there is an interval between the end of the basis period for one year of assessment and the basis period for the next year of assessment, then, unless the second mentioned year of assessment is the year of the permanent discontinuance of the trade, the interval shall be deemed to form part of the second basis period; and
 - (c) where there is an interval between the end of the basis period for the year of assessment preceding that in which the trade is permanently discontinued and the basis period for the year in which it is permanently discontinued, the interval shall be deemed to form part of the first basis period.
- (6) Any allowance or balancing allowance falling to be made to a person in taxing his or her trade shall be made as a deduction in charging the profits or gains of the trade to income tax.
- (7) Any balancing charge falling to be made on a person for any year of assessment in taxing his or her trade shall be made by means of an assessment to income tax on the profits or gains of that trade.
- (8) Where full effect cannot be given to any allowance in any year of assessment, owing to there being no profits or gains of the trade chargeable for that year or owing to the profits or gains chargeable being less than the allowance, the allowance or part of the allowance to which effect has not been given, as the case may be, shall, for the purpose of making the assessment for the following year, be added to the amount of such allowance for that year and deemed to be part of that allowance, or, if there is no such allowance for that year, be deemed to be the allowance for that year, and so on for succeeding years.

PART 13

RELIEF FOR LOSSES, ETC.

107 Right to have income for year of assessment adjusted by reference to losses

- (1) Subject to paragraph (1A), where any person sustains a loss in any trade, profession, employment or vocation carried on by the person either solely or in partnership, he or she may, on giving notice in writing to the Comptroller within 2 years after the year of assessment, apply for an adjustment of his or her liability by reference to the loss and to the

aggregate amount of his or her income for that year calculated according to this Law.⁴⁴³

- (1A) A company to which Article 123C or 123D applies shall not be entitled to make an application under paragraph (1).⁴⁴⁴
- (2) The Comptroller shall, on proof to the Comptroller's satisfaction of the amount of the loss and of the payment of tax on the aggregate amount of income, authorize repayment of so much of the sum paid for tax as would represent the tax on income equal to the amount of the loss.
- (3) Where repayment has been made to a person for any year under this Article, no further relief shall be granted in respect of the amount of the loss for any previous or subsequent year.⁴⁴⁵

107A Right to carry back losses⁴⁴⁶

- (1) Subject to paragraph (1A), where a person has in any trade, profession or vocation carried on by him or her, either solely or in partnership, sustained a loss (to be computed in like manner as profits or gains under the provisions of this Law applicable to Cases I and II of Schedule D) in respect of which relief has not been wholly given under Article 107, the person shall be entitled, on giving notice in writing to the Comptroller within 2 years after the end of the year in which the loss has been sustained, to claim that any portion of the loss for which relief has not been so given shall be carried back and, as far as may be, deducted from the amount of profits or gains on which he or she has been assessed in respect of that trade, profession or vocation under Schedule A, pursuant to Article 51(1)(b) or (c) or under Schedule D for the immediately preceding year of assessment.⁴⁴⁷
- (1A) A company to which Article 123C or 123D applies shall not be entitled to give notice under paragraph (1).⁴⁴⁸
- (2) The Comptroller shall, on proof to the Comptroller's satisfaction of the amount of the loss and of the payment of tax for the immediately preceding year of assessment, authorize repayment of so much of the sum paid for tax as would represent the tax on income equal to the loss carried back; and where repayment has been made to a person for any year under this Article, no further relief shall be granted in respect of the amount of the loss for any subsequent year.
- (3) In the application of this Article to a loss sustained by a partner in partnership, the "amount of profits or gains on which the person has been assessed" shall, in respect of any year, be taken to mean such portion of the amount on which the partnership has been assessed under Schedule A or Schedule D, as the case requires, in respect of the trade, profession or vocation as the partner would be required under this Law to include in a return of the partner's untaxed income for that year.⁴⁴⁹
- (4) In this Article "immediately preceding year of assessment" means the year immediately preceding the year in which the loss has been sustained.⁴⁵⁰

108 Right to carry forward losses to future years

- (1) Where a person has in any trade, profession or vocation carried on by him or her, either solely or in partnership, sustained a loss (to be computed in like manner as profits or gains under the provisions of this Law applicable to Cases I and II of Schedule D) in respect of which relief has not been given, or has been partially given, under Article 107 or under any other provision of this Law, the person may claim that any portion of the loss for which relief has not been so given shall be carried forward and, as far as may be, deducted from or set off against the amount of profits or gains on which he or she is assessed in respect of that trade, profession or vocation under Schedule A, pursuant to Article 51(1)(b) or (c), or under Schedule D for any subsequent year of assessment:

Provided that in so far as relief in respect of any loss has been given to any person under this Article he or she shall not be entitled to claim relief in respect of that loss under any other provision of this Law.⁴⁵¹

- (2) In the application of this Article to a loss sustained by a partner in a partnership, the “amount of profits or gains on which the person is assessed” shall, in respect of any year, be taken to mean such portion of the amount on which the partnership is assessed under Schedule A or Schedule D, as the case requires, in respect of the trade, profession or vocation as the partner would be required under this Law to include in a return of the partner’s untaxed income for that year.⁴⁵²
- (3) Any relief under this Article shall be given as far as possible from the first subsequent assessment and, so far as it cannot be so given, then from the next assessment and so on.⁴⁵³

110 Amount of assessment under Article 87 to be allowed as a loss for certain purposes

Where a person has been assessed to income tax for any year of assessment under Article 87 in respect of a payment made wholly and exclusively for the purposes of a trade, profession or vocation, the amount on which tax has been paid under that assessment shall, for the purposes of Article 108, be treated as though it were a loss sustained in that trade, profession or vocation, and relief in respect thereof shall be allowed accordingly:

Provided that no relief shall be allowed under this Article in respect of any such payment or any part of any such payment which is not ultimately borne by the person assessed or which is charged to capital.

110A Losses arising from possessions out of Jersey⁴⁵⁴

- (1) Where a person sustains a loss of income arising from possessions out of Jersey (such a loss to be computed in like manner as income under the provisions of this Law applicable to Case V of Schedule D), the person may, on giving notice in writing to the Comptroller within 2 years after the year of assessment, claim for the amount of such loss to be deducted from any other income on which he or she is assessed under Case V of Schedule D.

- (2) Except where paragraph (3) applies, a deduction following a claim under paragraph (1) may be made only from income arising in the same year of assessment as the loss.
- (3) Where the loss arises from possession of land out of Jersey, the loss (or such portion of the loss in respect of which no relief has been given) may be carried forward to be deducted from income arising from the same possession of land out of Jersey on which the person is assessed under Case V of Schedule D in any subsequent year of assessment.
- (4) For the purposes of this Article “land” includes buildings and other structures on land.

PART 14

RELIEF FROM DOUBLE TAXATION

111 Double taxation arrangements

- (1) If the States by Act declare that arrangements specified in the Act have been made with the Government of any territory outside Jersey with a view to affording relief from double taxation in relation to income tax and any tax of a similar character imposed by the laws of that territory, and that it is expedient that those arrangements should have effect, the arrangements shall have effect in relation to income tax notwithstanding anything in any enactment.
- (2) Where any arrangements have effect by virtue of this Article, the obligation as to secrecy imposed by virtue of this Law shall not prevent the disclosure to any authorized officer of the Government with which the arrangements are made of such information as is required to be disclosed under the arrangements.

112 Tax credits

- (1) The provisions of this Article shall have effect where, under arrangements having effect under Article 111, tax payable in respect of any income in the territory with the Government of which the arrangements are made is to be allowed as a credit against tax payable in respect of that income in Jersey; and in this Article “foreign tax” means any tax payable in that territory which under the arrangements is to be allowed and “income tax” means tax chargeable under this Law.
- (2) The amount of the income tax chargeable in respect of the income shall be reduced by the amount of the credit:

Provided that credit shall not be allowed against income tax for any year of assessment unless the person entitled to the income is resident in Jersey for that year.
- (3) The credit shall not exceed the amount which would be produced by computing the amount of the income in accordance with the provisions of this Law and then charging it to income tax at a rate ascertained by dividing the income tax chargeable (before allowance of credit under any

arrangements having effect under Article 111) on the total income of the person entitled to the income by the amount of his or her total income.⁴⁵⁵

- (5) Without prejudice to the provisions of paragraph (3) of this Article, the total credit for foreign tax to be allowed to a person for any year of assessment under all arrangements having effect under Article 111 shall not exceed the total income tax payable by him or her for the year of assessment, less any tax which he or she is entitled to charge against any other person or to deduct, retain or satisfy out of any payment which he or she is liable to make to any other person.⁴⁵⁶
- (6) In computing the amount of the income –
- (a) no deduction shall be allowed in respect of foreign tax (whether in respect of the same or any other income);
 - (b) where the income tax chargeable depends on the amount received in Jersey, the said amount shall be increased by the appropriate amount of the foreign tax in respect of the income;
 - (c) where the income includes a dividend and under the arrangements foreign tax not chargeable directly or by deduction in respect of the dividend is to be taken into account in considering whether any, and if so what, credit is to be given against income tax in respect of the dividend, the amount of the income shall be increased by the amount of the foreign tax not so chargeable which falls to be taken into account in computing the amount of the credit,

but notwithstanding anything in the preceding provisions of this paragraph a deduction shall be allowed of any amount by which the foreign tax in respect of the income exceeds the credit therefor.

- (7) Paragraph (6)(a) and (b) (but not the remainder thereof) shall apply to the computation of total income for the purposes of determining the rate mentioned in paragraph (3) of this Article and shall apply thereto in relation to all income in the case of which credit falls to be given for foreign tax under arrangements for the time being in force under Article 111.
- (8) Where –
- (a) the arrangements provide, in relation to dividends of some classes, but not in relation to dividends of other classes, that foreign tax not chargeable directly or by deduction in respect of dividends is to be taken into account in considering whether any, and if so what, credit is to be given against income tax in respect of the dividends; and
 - (b) a dividend is paid which is not of a class in relation to which the arrangements so provide,

then, if the dividend is paid to a company which controls, directly or indirectly, not less than 1/2 of the voting power in the company paying the dividend, credit shall be allowed as if the dividend were a dividend of a class in relation to which the arrangements so provide.

- (9) Credit shall not be allowed under the arrangements against income tax chargeable in respect of the income of any person for any year of

assessment if he or she elects that credit shall not be allowed in the case of his or her income for that year.

- (10) Any claim for an allowance by way of credit shall be made not later than 5 years after the end of the year of assessment, and in the event of any dispute as to the amount allowable the claim shall be subject to objection and appeal in like manner as an assessment.
- (11) Where the amount of any credit given under the arrangements is rendered excessive or insufficient by reason of any adjustment of the amount of any tax payable either in Jersey or elsewhere, nothing in this Law limiting the time for the making of assessments or claims for relief shall apply to any assessment or claim to which the adjustment gives rise, being an assessment or claim made not later than 5 years from the time when all such assessments, adjustments and other determinations have been made, whether in Jersey or elsewhere, as are material in determining whether any, and if so what, credit falls to be given.
- (12) In this Article, a reference to a dividend shall, in relation to a company, refer to a distribution made by a company.⁴⁵⁷

113 Effect on dividends of double taxation relief

- (1) The amount of tax which is authorized by Article 88 to be deducted by a company from any dividend shall be determined without taking into account any reduction, by reason of double taxation relief, of the Jersey income tax payable directly or by deduction by the company, but –
 - (a) notwithstanding anything in this Law, no relief or repayment in respect of the tax deducted or authorized to be deducted from any dividend shall be allowed at a rate exceeding the rate (hereinafter referred to as the “net Jersey rate”) of the Jersey income tax payable directly or by deduction by the company after taking double taxation relief into account; and
 - (b) where the Jersey income tax payable directly or by deduction by the company is affected by double taxation relief, the particulars to be given by the company in the statement required by Article 89 shall (in addition to the particulars required to be given apart from this Article) include particulars of the net Jersey rate.
- (2) Where the whole or any part of any annual payment is payable out of a dividend and the rate of relief or repayment allowable in respect of the tax deducted or authorized to be deducted from the dividend is affected by double taxation relief, the annual payment, or that part thereof, as the case may be, shall be deemed to be paid out of profits or gains not brought into charge to tax and Article 87 shall apply accordingly, but the tax chargeable under the said Article on the person making the payment shall be reduced by an amount equal to tax on the payment or part of the payment at the net Jersey rate applicable to the dividend.
- (3) In this Article –

“dividend” means a dividend, including a distribution, from which deduction is authorized by Article 88;

132 Purchased life annuities

- (1) A purchased life annuity (not being of a description excepted by paragraph (7)) shall, for the purposes of the provisions of this Law relating to tax on annuities and other annual payments, be treated as containing a capital element and, to the extent of that capital element, as not being an annual payment or in the nature of an annual payment; but the capital element in such an annuity shall be taken into account in computing profits or gains or losses for other purposes of this Law in any circumstances in which a lump sum payment would be taken into account.
- (2) In the case of any purchased life annuity to which this Article applies –
 - (a) the capital element shall be determined by reference to the amount or value of the payments made or other consideration given for the grant of the annuity;

-
- (b) the proportion which the capital element in any annuity payment bears to the total amount of that payment shall be constant for all payments on account of the annuity;
 - (c) where neither the terms of the annuity nor the amount of any annuity payment depends on any contingency other than the duration of a human life or lives, that proportion shall be the same proportion which the total amount or value of the consideration for the grant of the annuity bears to the actuarial value of the annuity payments as determined in accordance with the next following paragraph; and
 - (d) where sub-paragraph (c) does not apply, the said proportion shall be such as may be just, having regard to that sub-paragraph and to the contingencies affecting the annuity.
- (2A) Where, in the case of any purchased life annuity to which this Article applies, the amount of any annuity payment (but not the term of the annuity) depends on any contingency other than the duration of a human life or lives –
- (a) the capital element shall be determined by reference–
 - (i) to the amount or value of the payments made or other consideration given for the grant of the annuity (in this paragraph referred to as the “purchase price” of the annuity), and
 - (ii) to the expected term of the annuity, as at the date when the first annuity payment began to accrue, expressed in years (and any odd fraction of a year), and determined by reference to the prescribed tables of mortality,

and in clause (ii) the word “term” means the period from the date when the first annuity payment begins to accrue to the date when the last payment becomes payable;
 - (b) the capital element in any annuity payment made in respect of a period of 12 months shall be an amount equal to a fraction

$$\frac{1}{E}$$

of the purchase price, where E is the said expected term;
 - (c) the capital element in any annuity payment made in respect of a period of less than, or more than, 12 months shall be the amount referred to in sub-paragraph (b), reduced or, as the case may be, increased, in the same proportion as the length of that period bears to a period of 12 months;
 - (d) paragraph (2) shall not apply, but paragraph (3)(a) and (b) thereof shall apply, as they apply to that paragraph,
- and in applying paragraph (2)(d), where both the amount and the term of the annuity depend on any contingency other than the duration of a human life or lives, regard shall be had to this paragraph (and not to the said paragraph (2)(c)) as well as to the contingencies affecting the annuity.⁵⁷⁷

-
- (3) For the purposes of paragraph (2) –
- (a) any entire consideration given for the grant of an annuity and for some other matter shall be apportioned as appears just (but so that a right to a return of premiums or other consideration for an annuity shall not be treated for this purpose as a distinct matter from the annuity);
 - (b) where it appears that the amount or value of the consideration purporting to be given for the grant of an annuity has affected, or has been affected by, the consideration given for some other matter, the aggregate amount or value of those considerations shall be treated as one entire consideration given for both and shall be apportioned under sub-paragraph (a) accordingly; and
 - (c) the actuarial value of any annuity payments shall be taken to be their value as at the date when the first of those payments begins to accrue, that value being determined by reference to the prescribed tables of mortality and without discounting any payment for the time to elapse between that date and the date it is to be made.
- (4) Where a person making a payment on account of any life annuity has been notified in the prescribed manner of any decision as to its being or not being a purchased life annuity to which this Article applies or as to the amount of the capital element (if any), and has not been notified of any alteration of that decision, the notice shall be conclusive as to those matters for the purpose of determining the amount of tax which the person is entitled or required to deduct from the payment, or for which the person is chargeable in respect of it.
- (5) Where a person making a payment on account of a purchased life annuity to which this Article applies has not been notified in the prescribed manner of the amount of the capital element, the amount of tax which the person is entitled or required to deduct from the payment, or for which the person is chargeable in respect of it, shall be the same as if the annuity were not a purchased life annuity to which this Article applies.
- (6) Any person carrying on a business of granting annuities on human life shall be entitled to repayment of tax borne by the person by deduction or otherwise for any year of assessment up to the amount of tax which, if this Article had not been passed, the person would have been entitled to deduct and retain on making payments due in that year of assessment on account of life annuities and which in accordance with this Article the person has not deducted.
- (7) This Article shall not apply –
- (a) to any annuity which would, apart from this Article, be treated for the purposes of the provisions of this Law relating to tax on annuities and other annual payments as consisting to any extent in payment or repayment of a capital sum;
 - (b) to any annuity where the whole or part of the consideration for the grant of the annuity consisted of sums for a contract for a deferred annuity securing a capital sum on death, whether in conjunction with any other benefit or not;

 - (ca) to any annuity purchased in satisfaction of a droit de douaire or a droit de viduité;
 - (d) to any annuity purchased under or for the purposes of any sponsored superannuation scheme or to any other annuity purchased by any person in recognition of another's services (or past services) in any office or employment; or
 - (e) to any annuity where the whole or part of the consideration for the grant of the annuity consisted of sums withdrawn from an approved drawdown contract or an approved trust.⁵⁷⁸
- (8) The Minister may by Order prescribe anything which is to be prescribed under this Article and any such Order may apply, for the purposes of this Article and of the Order, any provision of this Law (with or without modifications) and may, in particular, make provision as to all or any of the following matters, that is to say –
- (a) as to the information to be furnished in connection with the determination of any question whether an annuity is a purchased life annuity to which this Article applies, or what is the capital element in an annuity, and as to the persons who may be required to furnish any such information;
 - (b) as to the manner of giving effect to a decision on any such question and (notwithstanding anything in Article 86) as to the making of assessments for the purpose on the person entitled to the annuity;
 - (c) as to the extent to which the decision on any such question is to be binding, and the circumstances in which it may be reviewed.
- (9) In this Article –
- “life annuity” means an annuity payable for a term ending with (or at a time ascertainable only by reference to) the end of a human life, whether or not there is provision for the annuity to end during the life on the expiration of a fixed term or on the happening of any event or otherwise, or to continue after the end of the life in particular circumstances;
- “purchased life annuity” means a life annuity granted for consideration in money or money's worth in the ordinary course of a business of granting annuities on human life;

payment in respect of his or her service, if that payment is treated for the purposes of this Law as increasing his or her income, or would be so treated if the person were chargeable to tax under Case II of Schedule D in respect of his or her emoluments from that service.

- (10) This Article shall extend to life annuities whenever purchased or commenced.

PART 20

- (1) Where an assurance company carrying on life assurance business, or any company whose business consists mainly in the making of investments, and the principal part of whose income is derived therefrom, or any savings bank or other bank for savings, claims and proves to the satisfaction of the Comptroller that, for any year of assessment, it has been charged to tax by deduction or otherwise, and has not been charged in respect of its profits in accordance with the provisions of this Law applicable to Case I of Schedule D, the company or bank shall be entitled to repayment of so much of the tax paid by it as is equal to the amount of the tax on any sums disbursed as expenses of management (including commissions) for that year:

Provided that –

- (a) relief shall not be given under this Article so as to make the tax paid by the company or bank less than the tax which would have been paid if the profits had been charged in accordance with the said provisions;
- (aa) in the case of a company whose business consists mainly in the making of investments, relief shall only be given under this Article for interest of money as an expense of management in accordance with Article 90AB, 90AC or 90AD;⁵⁷⁹
- (b) the amount of any fines, fees or profits arising from reversions in the case of an assurance company and, in the case of any other company or any such bank, the amount of any income or profits derived from sources not charged to tax, shall be deducted from the amount treated as expenses of management for the year;
- (ba) where a company whose business consists mainly in the making of investments would, apart from this proviso, be entitled to repayment of tax for any year of assessment in respect of emoluments of an office or employment arising in that year which are not paid before the end of the following year of assessment the Comptroller, if he or she is of the opinion that the main purpose of deferral of payment of the emoluments is the avoidance or

reduction of the liability of any person to income tax, may refuse to allow them as expenses of management; and

- (c) in calculating profits arising from reversions, the company may set off against those profits any loss arising from reversions for any previous year during which any enactment granting this relief was in operation.⁵⁸⁰
- (1A) In paragraph (1)(ba) of this Article the time when emoluments are paid shall be determined in accordance with Article 65A as if “paid” were substituted for “received” throughout that Article.⁵⁸¹
- (2) Where, on a claim for relief under this Article made by a company or bank for any year of assessment in respect of the sums disbursed by it as expenses of management (including commissions) for that year, relief is disallowed in respect of the whole or part of those sums by reason only of the provisions of paragraph (1)(a), the amount in respect of which relief has been so disallowed may be carried forward and treated for the purposes of this Article as if it had been disbursed as aforesaid for any subsequent year of assessment:

Provided that relief in respect of an amount so carried forward shall be given for the first year of assessment next following, in so far as relief can be so given in accordance with the provisions of this Article in respect of that amount as well as in respect of the sums actually disbursed as aforesaid for that year, and so far as it cannot be so given, then for the next year of assessment, and so on.⁵⁸²
- (3) If effect cannot be given, or cannot be fully given, to paragraph (1) because the company or bank has not been charged to tax for that year by deduction or otherwise, or because the sums disbursed for that year exceed the amount on which the company or bank has been charged to tax for that year, an amount equal to the sums disbursed, less any amount on which the company or bank has been so charged, may be carried forward and treated for the purposes of this Article as if it had been disbursed for any subsequent year of assessment:

Provided that relief in respect of an amount so carried forward shall be given for the first year of assessment next following, in so far as relief can be given in accordance with the provisions of this Article in respect of that amount as well as in respect of other sums disbursed or treated as disbursed for that year, and so far as it cannot be so given, then for the next year of assessment, and so on.⁵⁸³
- (4) Notice of any claim under this Article, together with the particulars thereof, shall be given in writing to the Comptroller within 12 months after the expiration of the year of assessment in respect of which the claim is made, and, where the Comptroller objects to such claim, the Commissioners shall hear and determine the same in the like manner as in the case of an appeal to them against an assessment under Schedule D, and the provisions of this Law relating to appeals to the Royal Court shall apply.⁵⁸⁴
- (4A) ⁵⁸⁵
- (6) Where income arising from the investments of the foreign life assurance fund of an assurance company has been relieved from tax in pursuance of

the provisions of this Law, a corresponding reduction shall be made in the relief granted under this Article in respect of the expenses of management.

134 Taxation of profits of life assurance companies with head office outside Jersey⁵⁸⁶

- (1) Where an assurance company, not having its head office in Jersey, carries on life assurance business, industrial life assurance business, general annuity business, pension business or capital redemption business through any branch or agency in Jersey, each class of business shall, for the purposes of this Law, be treated as a separate business from any other class of business carried on by the branch or agency.
- (2) The assurance company may, for any year of assessment, be charged in respect of its profits from the branch or agency arising from any class of business carried on by it, in accordance with the provisions of this Law applicable to Case I of Schedule D, or, in accordance with the provisions of this Law, applicable to Cases III, IV and V of Schedule D:

Provided that –

- (a) the amount of profits chargeable for the purposes of this Law shall be limited to the amount of profits attributable to the business carried on in Jersey; and
 - (b) where the amounts of such profits cannot readily be determined, the company shall be liable upon the same proportion of its total profits computed in accordance with the provisions of this Law as the amount of premiums received in that year from policy holders resident in Jersey and from policy holders resident abroad whose proposals were made to the company at or through its branch or agency in Jersey bears to the total amount of the premiums received by the company, or on such other proportion or part of such total profits as the Comptroller may agree with the company.
- (3) Where an assurance company, not having its head office in Jersey, is charged under the provisions of this Law applicable to Cases III, IV and V on a proportion of its total profits, the relief in respect of expenses of management due under Article 133 shall be calculated by reference to a like proportion of its total expenses of management for the year, calculated according to the provisions of this Law.⁵⁸⁷

PART 20A

134A Power of Comptroller to make assessment to prevent avoidance of income tax⁵⁸⁹

SCHEDULE A1⁶²⁷

(Article 3(1))

(1) In this Schedule –

“group of companies” means a company which has one or more 51% subsidiaries, together with those subsidiaries;

“holding company” means a company which has one or more 51% subsidiaries;

“joint venture company” has the meaning given in paragraph 4(2);

“qualifying shareholding”, in relation to a joint venture company, has the meaning given in paragraph 4(4);

“trading group” has the meaning given in paragraph 3.

(2) References in this Schedule to the acquisition of an asset that was provided rather than acquired, by the person disposing of it, are references to its provision.

2 “Trading company” defined

(1) In this Law, “trading company” means a company carrying on trading activities whose activities do not include to a substantial extent activities other than trading activities.

(2) For the purposes of sub-paragraph (1), “trading activities” means activities carried on by the company –

(a) in the course of, or for the purposes of, a trade being carried on by it;

(b) for the purposes of a trade that it is preparing to carry on;

(c) with a view to its acquiring or starting to carry on a trade; or

(d) with a view to its acquiring a significant interest in the share capital of another company that –

(i) is a trading company or the holding company of a trading group, and

(ii) if the acquiring company is a member of a group of companies, is not a member of that group.

(3) Activities do not qualify as trading activities under sub-paragraph (2)(c) or (d) unless the acquisition is made, or (as the case may be) the company starts to carry on the trade, as soon as is reasonably practicable in the circumstances; however merely holding a significant interest in the share

capital of another company does not qualify as a trading activity under sub-paragraph (2).

- (4) The reference in sub-paragraph (2)(d) to the acquisition of a significant interest in the share capital of another company is to an acquisition of ordinary share capital in the other company –
 - (a) such as would make that company a 51% subsidiary of the acquiring company; or
 - (b) such as would give the acquiring company a qualifying shareholding in a joint venture company without making the 2 companies members of the same group of companies.

3 Trading group

- (1) In this Law “trading group” means a group of companies –
 - (a) one or more of whose members carry on trading activities; and
 - (b) the activities of whose members, taken together, do not include to a substantial extent activities other than trading activities.
- (2) For the purposes of sub-paragraph (1) “trading activities” means activities carried on by a member of the group –
 - (a) in the course of or for the purposes of a trade being carried on by any member of the group;
 - (b) for the purposes of a trade that any member of the group is preparing to carry on;
 - (c) with a view to any member of the group acquiring or starting to carry on a trade; or
 - (d) with a view to any member of the group acquiring a significant interest in the share capital of another company that –
 - (i) is a trading company or the holding company of a trading group, and
 - (ii) is not a member of the same group of companies as the acquiring company.
- (3) Activities do not qualify as trading activities under sub-paragraph (2)(c) or (d) unless the acquisition is made, or (as the case may be) the group member in question starts to carry on the trade, as soon as is reasonably practicable in the circumstances.
- (4) The reference in sub-paragraph (2)(d) to the acquisition of a significant interest in the share capital of another company is to an acquisition of ordinary share capital in the other company –
 - (a) such as would make that company a member of the same group of companies as the acquiring company; or
 - (b) such as would give the acquiring company a qualifying shareholding in a joint venture company without making the joint venture company a member of the same group of companies as the acquiring company.

- (5) For the purposes of this paragraph the activities of the members of the group shall be treated as one business (with the result that activities are disregarded to the extent that they are intra-group activities).

4 Qualifying shareholdings in joint venture companies

- (1) This Schedule has effect subject to the following provisions where a company (the ‘investing company’) has a qualifying shareholding in a joint venture company.
- (2) For the purposes of this Schedule a company is a ‘joint venture company’ if, and only if –
- (a) it is a trading company or the holding company of a trading group; and
 - (b) 75% or more of its ordinary share capital (in aggregate) is held by not more than 5 persons.
- (3) For the purposes of sub-paragraph (2)(b) the shareholdings of members of a group of companies shall be treated as held by a single company.
- (4) For the purposes of this Schedule a company has a ‘qualifying shareholding’ in a joint venture company if –
- (a) it holds 10% or more of the ordinary share capital of the joint venture company; or
 - (b) it is a member of a group of companies, it holds ordinary share capital of the joint venture company and the members of the group between them own 10% or more of that share capital.
- (5) For the purpose of determining whether the investing company is a trading company –
- (a) any holding by it of shares in the joint venture company shall be disregarded; and
 - (b) it shall be treated as carrying on an appropriate proportion –
 - (i) of the activities of the joint venture company, or
 - (ii) where the joint venture company is the holding company of a trading group, of the activities of that group.
- (6) For the purpose of determining whether a group of companies is a trading group –
- (a) every holding of shares in the joint venture company by a member of the group having a qualifying shareholding in that company shall be disregarded; and
 - (b) each member of the group having such a qualifying shareholding shall be treated as carrying on an appropriate proportion of the activities –
 - (i) of the joint venture company, or
 - (ii) where the joint venture company is the holding company of a trading group, of that group.

- (7) Sub-paragraph (6) does not apply if the joint venture company is a member of the group.
- (8) In sub-paragraphs (5)(b) and (6)(b) 'an appropriate proportion' means a proportion corresponding to the percentage of the ordinary share capital of the joint venture company held by the investing company or, as the case may be, by the group venture concerned.
- (9) For the purposes of this paragraph, the activities of a joint venture company that is a holding company and its 51% subsidiaries shall be treated as a single business (so that activities are disregarded to the extent that they are intra-group activities).

paragraph (3), the Comptroller may exercise his or her powers under sub-paragraph (1) accordingly.

- (3) The presumption in sub-paragraph (2) shall be rebutted if the person shows, to the satisfaction of the Comptroller –

However, an acte opératoire made under Article 15 of the Public Finances (Jersey) Law 2005 (chapter 24.900) provides for taxation legislation to be given immediate effect as if it were enacted, even though it may not have been adopted, and has not been sanctioned, as described. If a Law that has been given immediate effect by acte opératoire is not subsequently enacted at all, or is amended before enactment, Article 19 requires the repayment or making good of any money paid or deducted in accordance with any provision of it which is not enacted or is amended.</p>
